

Where in the world?

English

We will develop our speaking and listening skills through storytelling and discussion. We will practise saying sentences aloud before writing, using capital letters, full stops, phonics and simple descriptive language.

Maths

We will explore numbers to 100, learning about tens and ones. We will practise reading, writing, comparing and ordering numbers, using practical equipment and number lines to explain our thinking.

Science

We will explore animals and their offspring, learning how animals grow and change throughout their lives. We will investigate what animals, including humans, need to survive and stay healthy.

RE

We will explore Christian beliefs about how the world was created and compare these with Hindu beliefs. We will think about why caring for our world is important.

Art

We will develop our observational drawing skills, exploring different pencils, lines, shading and tone. We will practise looking carefully at objects and create detailed drawings.

PSHE

We will explore different emotions and learn how to recognise and manage our feelings. We will develop positive relationships and learn how to support others.

Computing

We will explore how devices connect to the internet and how technology helps us communicate. We will create digital messages and learn important rules for staying safe online.

Music

We will explore rhythms from around the world, listening to different musical traditions. We will practise keeping a steady pulse, reading simple rhythms and performing together using percussion instruments.

PE

We will develop our swimming skills and confidence in the water, learning how to move safely and improve our technique. In dance, we will explore movement, rhythm and creating simple sequences.

Geography

We will become world explorers, using maps and globes to locate the seven continents and five oceans. We will also discover the countries and capital cities of the United Kingdom.

Design Technology

We will explore foods and ingredients from around the world. We will design, prepare and evaluate an international dish, learning about food hygiene and how to use equipment safely.

Forest School

We will develop our confidence and independence outdoors, learning about safety, teamwork and managing risks. We will explore knots, tools and den building while observing seasonal changes in nature.
